

Team Training:

The Fargo Basketball Academy offers opportunities for your team to improve their skills together, whether it's a beginner recreational team, all the way up to competitive traveling and school teams. Team instruction can be tailored to meet individual team needs such as a focus on better shooting, press break or better movement on offense. It can also be structured to develop all areas of your team's play. The result? Smarter practice, stronger and faster skill development, greater confidence, and increased team success!

Cost: \$100 per hour per team

The team fee includes up to 12 players and 2 team coaches.

Please call or email Josh Johnson to schedule your Team Training.
